ABSTRACT

This project contains the formatting norms for the writing of seminar/project report. The report should be written in Times New Roman font. Default Font Size 12 Points. Line Spacing 1.5 and Text should be justified. The deviations from these norms are given in square brackets. The paper size is A4. The Margins are 1.5 inches on left side and 1.0 inch on all other sides. There should be Five Chapters in the seminar/project report. The Names of the chapters are given on contents page. The title of the chapter may be changed for seminar/project report but if the same format is used for project the names of the chapter should not be changed.

Chapter 1
INTRODUCTION

1.1 Introduction

Each chapter should begin on new page. The fonts for different headings are given below. Chapter Heading – 16, New Times Roman, Bold and Capital. They should be named as 1. INTRODUCTION, 2. LITERATURE SURVEY.

Subheading – 12, New Times Roman, Bold and Title Case Sub-sub

Heading – 12, New Times Roman, Bold and Sentence case

Any further subheading should be in 12, New Times Roman Bold and Sentence Case.

The References, Acknowledgement and Appendices should not be numbered like chapters.

1.2 Naming of Figures and Tables

The Title of the figure should be written in 12, New Times Roman, Bold and Title Case, below the figure leaving one line between figure and the title as shown below. The figures should be centrally placed. The borders to the figures should be avoided.

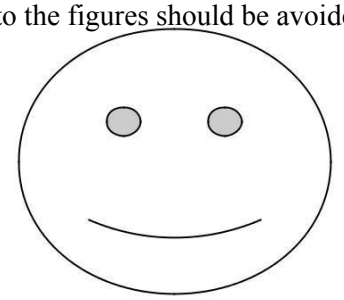

Figure 1.1: Title of Figure (centrally located)

The title of the table should be placed above the table leaving one line spacing between the table and the title. The Title of the table should be written in 12, New Times Roman, Bold and Title Case. The tables should be centrally placed.

Table 1.1: The Table Showing the Performance of Student in the Semester(center align)

The Titles of any graphs should be written in the same way as that of figures.

1.3 Numbering of the Pages

The page numbers for the main chapters should be given in Arabic style starting from 1 to onwards on top right hand corner of the page. For other pages the page numbers should be given in Roman style like i, ii, iii as given in the contents. At the start of new chapter the page number should be placed at the bottom of page located centrally except for chapter 1, which should not contain number (i.e. page no. 1 will not be printed in the report). References and Acknowledge should not have page numbers.

1.4 References

The references should be numbered according to their appearance in the text, i.e. the reference number 1 should appear first and then followed by reference number 2 and so on. The third reference should not appear before reference 2. The cross referencing should be done by placing the number in the square bracket like [2]. The references under the heading at the end of report should be written in the form given below.

(do not write search engines like google in references. you can write books, research papers, web links etc. Research papers should be mentioned as [ref.No] author names, title,publication, year, page nos. if any.)
